

# Adding Traffic Counts to AWM

21/04/2026 12:05 pm +10

AWM/RAMM Notes and Assumptions	Indicative (draft) Data Dictionary	Other Supporting Links
<p>RAMM has a MetroCount import tool. There are supporting configuration files available to help export data from the MetroCount application in a RAMM compatible format. The second link included on the right is a MetroCount support page discussing the process from a MetroCount perspective.</p>	<p><i>(RAMM compatible import file to be generated from MetroCount software)</i></p>	<p><a href="#">Help page in RAMM with additional file downloads</a></p> <p><a href="#">MetroCount support page for RAMM</a></p> <p><a href="#">RAMM NZ Vehicle Classification Document</a></p> <p><a href="#">RIMS Traffic Counting Guide Supplement</a></p>
