

Network Video - GoPro MAX Recording Settings

18/03/2026 7:38 am +10

GoPro MAX Settings for Recording

1. Check that GPS is on.

- Go to Preferences -> Regional -> GPS
- Make sure that the GPS icon is bright (not greyed out). To see this view, swipe down to open the dashboard page and then swipe down again to see the date/time and connections, including the GPS symbol.
-

Customizing Your GoPro

USING THE DASHBOARD

With your camera in landscape orientation, swipe down to access the Dashboard and Preferences.

DASHBOARD FEATURES

The Dashboard lets you quickly tap the following settings on and off:

- Voice Control
- Camera Beeps
- QuikCapture
- Screen Lock
- Grid
- Orientation Lock

Customizing Your GoPro

CONNECTION STATUS

Check the top of the Dashboard to see your connection status.

- GPS is on (white).
- GPS is off (gray).
- GPS is unavailable (gray).
- Camera is connected to the GoPro app (white).
- Camera is not paired to the GoPro app (gray).
- Camera is not connected to the GoPro app (gray).
- Auto Upload is on and ready (white).
- Auto Upload is off (gray).
- Auto Upload is on but not ready (gray).

2. Set to 360 Time Lapse and check settings

- Set the camera to '360' mode by tapping the icon on the bottom left corner. This icon  should appear.
- To select time lapse, press the mode button on the side of camera until the clock icon  and the 360 Time Lapse appears.
- To edit Time Lapse settings, tap the middle bottom of the screen which will either say *360 Time Lapse* or *360 Timewarp*. Select *360 Time Lapse*.
- Then select the  icon, scroll down to see the Interval option and select 0.5s

Before pressing record, make sure that the setting is on **360 Time Lapse with 0.5s interval**.

3. Check battery and time available to record

- The time in top left of screen indicates how much time is available to record footage. For example, this camera has 2 hours and 11 minutes. You should make sure this is greater than the amount of time you expect to record for that day.
- The battery symbol in top right indicates how much battery is left (same as your phone!) Make sure you have the spare battery and ability to charge batteries if doing a lot of recording.

4. Test Recording

- Use the record button and film a short recording.
- Follow instructions below to check the recording has worked.
- Delete this test recording.

Playing Back Your Media

Swipe up to see the last video, photo, or time lapse you took. Swipe left and right to flip through the other files on your SD card.

Swipe up from bottom of screen to review footage.

The Media Gallery includes the following playback options:

-  Pause playback
-  Resume playback
-  See all of the media on your SD card
-  Delete the file from your SD card
-  Playback view
-  Play back at slo-mo or normal speed
-  Use a slider to scan through your videos or group of continuous photos
-  Add/remove HiLight Tag
